In G.O. dy 4.1.24, the T.B. Building at Yelahanka has been ordered to be placed at the Disp! of the I.G.E for locating a School. The Dt Board now wants the building to be given to it for accommodating the Dispensary. The Municipal Council of the place wants half the building to be given to it for being used as a Dharmashikhana, the other half being made use of as a Dispensary. The D.C recommends accordingly. The Dt Board when consulted said that it was not willing to convert the T.Bs at Yelahanka & Bidadi into 3rd Class ones & take them under its control. It said nothing then about the building at Yelahanka being required for other purposes. For buildings constructed for Dispensaries the Dt Board & the Municipal Council have to pay their quota of the Cost. It is not known

His Highness the Maharaja of Mysore,

Bangalore.

Sir,

Adverting to Government order No.G.423-8/G.M.14-22-44 dated 4th January 1924 directing that the Travellers Bungalow building at Yelahanka may be placed at the disposal of the Inspector General of Education, I have the honor to state that I had recommended in my letter No.O.C.2092 of 1923-24 dated 19th December 1923 addressed to the Chief ~~Secretary~~ Engineer, Roads and Buildings, that this building may be given over to the Municipality temporarily pending construction of a proposed dispensary building, for the reason that the present dispensary is located in a -- private chatram and the accommodation is neither sufficient nor convenient. This recommendation does not seem to have been before the Government at the time of passing the order directing its transfer to the Education Department. The Municipality at Yelahanka have been urging me to recommend the building being handed over to their management for locating the dispensary in one half and using the other half as Musafferkhana for -- which they say there cannot be said to be no need. I am herewith submitting the President's letter No.261 dated 30th December 1923 together with the copy of the Municipal resolution received by me in this connection. I recommend that the prayer of the Municipality may be considered favourably in view of the difficulty pleaded by them. I understand from the President of the District Board that the District Board too wishes the

the Yelahanka Travellers Bungalow to be used in the manner recommended by the Yelahanka Municipality. As regards accommodation for the school at Yelahanka the District Board is likely to make separate proposals which are likely to be acceptable.

2. In regard to the Travellers Bungalow Building at Bidadi which I proposed, in the above said letter addressed to the Chief Engineer, to be given over to the Sericulture Department for being used as a seed farm, I am forwarding herewith a copy of the Bangalore District Board President's D.O.letter No.C.889 of 1923-24 dated 9th January 1924 together with its enclosures, urging the need for a rest house at Bidadi and keeping it at least as 3rd class Bungalow and requesting its being handed over to the management of the District Board. In this connection I invite your kind attention to this office letter No.H.C.119 of 1922-23 dated 28th October 1922 addressed to the General Secretary recommending its retention as a 3rd class Travellers' Bungalow.

4. Very early orders may be passed in the matter.

I have the honor to be,
Sir,
Your most obedient servant,

B Seshaba Rao

Deputy Commissioner,
Bangalore District.

D.O.letter No.889 of 1923-24 dated Bangalore, ~~28th~~ 9th January 1924, from the President, District Board, to the Deputy Commission-er, Bangalore District.

In forwarding herewith an application from the residents of Bodadi Village Panchayet re the conversion of the abolished 2nd class Travellers' Bungalow into a 3rd class one and to keep it for public use, I wish to inform you that I visited the place yesterday The place is as you know a road side village about 20 miles away from Bangalore besides being a village Panchayet and a pretty commercial place connected by Railway. There is no other building either private or public which is open to travellers. The Government officers who go there on inspection and other duties have no other place to stop even for a few hours and attended to their work etc. The place is generally resorted to by many private gentlemen for shooting excursions as the neighbouring hills and jungle -- afford good scope for this.

Under the above circumstances, I am of opinion that it is absolutely necessary to continue the abolished Travellers' Bungalow as atleast a 3rd class one and request you to kindly recommend to Government to hand it over to the management of the District Board.

I shall place the matter before the District Board also and obtain their formal approval for the proposal. Meanwhile I request you to kindly address the Government in the matter and recommend for the continuance of the 2nd class Travellers Bungalow at Bidadi as a 3rd class one to be maintained by the District Board for the present.

Thanking you.

Through the Deputy Commissioner, Bangalore District.

Sir,

I have the honor to state that the Executive Engineer, Bangalore Division forwarded an estimate for Rs.7693 for construction of a building, Local Fund Dispensary, at Yelahanka. The District Board at the meeting held on the 11th and 12th June 1923 resolved that the views of Yelahanka Municipality about the payment of their quota might be obtained. Accordingly the Deputy Commissioner, Bangalore, who was requested to kindly obtain the views of the Municipality, sent the resolution ~~of the Municipal Council~~ which says that the Municipality is not in a position to pay its quota towards the construction of the building.

Thereupon the subject was discussed at the meeting held on the 8th and 9th December 1923 when it was resolved that as the Municipality of Yelahanka says that it cannot pay its contribution for want of funds, the Government might be requested to place the travellers' bungalow there which has been ordered to be closed as per recent Government Order, at the disposal of the Medical Department to locate the Hospital Vide extract from the Proceedings of the meeting submitted.

I therefore request that sanction of Government may kindly be obtained to place the Bungalow in question at the disposal of the Medical Department as the Municipality cannot pay its quota towards its construction and as great

D.O. letter date d the 10th March 1924 from the Inspector-General of Education in Mysore to the Chief Engineer of Mysore.

Regarding the question of the Travellers' Bungalow at Bidadi, please refer to the correspondence ending with my letter No.1273/556 dated 6th February 1924.

I wish to urge once again that the Travelle rs' Bungalow at Bidadi is absolutely necessary to the Education Department for the better accommodation of the schools there. The Middle and Primary classes are very well attended and the existing accommodation is quite inadequate. The Travellers' Bungalow is next door to the present building and it would be very convenient if it is given over to the Department.

From what I have heard it seems the Sericultural Department wants accommodation but I do not think that the Travellers' Bungalow and its out-houses are all required for that Department. If absolutely necessary, I can arrange to give them the use of the present Hindustani School building which is also closeby, shifting that school to one of the out-houses of the Travellers' Bungalow. If necessary may I suggest a joint inspection of the buildings by yourself, myself and a representative of the Agricultural or Sericultural Department so that we can come to a definite understanding as to the respective requirements of the three Departments.

Secretary to Government,
(Public works Department,)
Bangalore

SIR,

Re Travellers' Bungalow at Bidadi.

Adverting to correspondence ending with this office No. B.10137 dated the 21st March 1924 in the matter of disposal of the Travellers' Bungalow building at Bidadi, I have the honour to inform you that it is reported by the Executive Engineer, Bangalore Division that the Amildar of the Bangalore Taluk handed over the building to the P.W.D. on the 7th January 1924 after putting all the furniture and vessels belonging to the building in two of the rooms; they are under lock and key.

2. Before the building was taken over charge by this Department some of the glass panes were broken by boys as the bungalow was kept open unauthorisedly. To avoid further damage the Executive Engineer has engaged a care-taker on Rs 8 per mensem. As the P.W.D. has been incurring expenditure unnecessarily, I request you will be so good as to arrange for very early use of Government orders on the disposal of the building.

I have the honour to be,
Sir,
Your most obedient servant,

For Chief Engineer of Mysore.
